Redevelopment Rumors Not True!

Just to set the record straight....Deep Cove Music and DCM Studios are not going anywhere!! There have been rumors of redevelopment on our block. Yes, there is a new owner of the property south of DCM (not including DCM) to the corner of Mount Seymour Parkway and Deep Cove Road and yes they have applied to redevelop. But DCM would not be touched in the case of redevelopment as DCM has a 10 year lease left and 1st right of refusal to buy the property. Furthermore, the District held a lot of public hearings regarding redevelopment from Deep Cove Music to the corner and voted to rezone the land to restrict it to being a 2 story maximum development from the old zoning of 4 story. With this new zoning it would be silly to rip down DCM's 2 story building earning an income with a developed business only to build another 2 story building in its place. Unfortunately for the developer owning the rest of the block this has made redevelopment a financial challenge and we may not see anything happen there for some time.

Please feel free to contact Tyler at anytime if you would like more information: tyler@dcmertainment.com

Audio Production

Check out some of the great projects we have done recently at our portfolio section of dcmstudios.ca

Updates will be completed by June 12, 2011.

Carolyn Kind

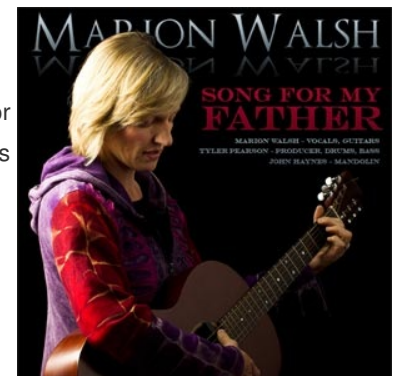

Carolyn is an excellent songwriter with a variety of genres at her fingertips. From Pop to Country she can belt it out with a real fresh and original sounding quarkiness. She has just popped 7 fresh demo's out in hopes to shop them.

Marion Walsh

Marion returned to DCM Studios to record a very special "Song For My Father" that she wrote for her dad during his final days and even managed to play it for him just before his passing. This special song is happy, uplifting, supportive and full of everlasting love.

Thanks for the opportunity to work on such a gift, Marion!

Carol Adams

Another fantastic songwriter opportunity for us at DCM, Carol came to record several quick demos of her tunes and her voice is spectacular. She may even be featured on a new reality show called "Second Chances".

Carol's song "A Soldier's Christmas" was sent out to thousands of troops serving away from Christmas 2010! She wrote the song after experiencing the incredible stress and worry when her own son missed Christmas 2009 while serving over seas! Great job Carol! I'm sure you helped a lot of families!

Winner of the "Battle of the Bands" December 2010 Record Demo

"Run From The Hornet".....

is the name of an excellent band of 13 year olds working very hard at the DCM Rock Band classes every week. The band consists of Josh Millard (Guitar, Vocals), Bahram Samiei (Guitar & BG's), Brooklin Myers (Drums), Joseph Fargey (Bass, Keys, Vocals). The band won the Battle of the Bands in September 2010 at the age of 12 and has just recorded a 3 song demo.

Charlotte Fisher

We've been working with Charlotte since she was 13yrs. At the age of 16 yrs old, Charlotte and Tyler wrote a song called "Release". Tyler produced the song along with the talents of co-producer Georges Coulings who also has writing credits on this song. She also made a video for the song that can be seen [here](#).

Rachael Buchanan

Here is a young songwriter that worked with Tyler Pearson to polish the writing and produce her demo. Her voice has a beautiful smokey tone with an original flare! Check out "Unforgiven Love" in our portfolio section at dcmstudios.ca.

Sandy Coppel

This artist is a DJ, MC, and vocalist who wrote a song with Tyler Pearson and Sean Hosein who also produced the track. The song is called "Make You Wanna Dance".

Bloomfield

This group has a flare for classic rock with their tune "Annalee" they recorded at DCM Studios. With a sound similar to the "Rolling Stones" they blend contemporary sounds in with the past. Great sounding song guys

Luke Campbell

Luke has handed in his alternative rock hat to put on his country, rockabilly roots hat with his new song "Hope".

Songwriter's Association of Canada's Songworks Program

DCM Studios is proud to be the Vancouver home of Songworks put on by SAC. How it works is 9 singer/songwriter/producers get together for 3 long days. The group breaks up into 3 teams of 3 each day to write and produce a rough demo. They switch it up in the groups each day to get writers to write with different people. The combination of writers producing amazing results!

Songworks took place at DCM Studios in Vancouver, British Columbia, June 8th to 10th, 2010. This event drew on the talents of nine British Columbia songwriters including writer-producers Don Harte, Alisha Pillay, Winston Hauschild, Bob D'Eith, Nadia Von Hahn, Sheldon Witt, Wanting Qu, Adrian Lock and Scott Johnson. All nine writers were fully committed to the process and brought a tremendous amount of hard work and creativity to the sessions. There was a great energy throughout the whole event with everyone putting in extra hours to create fantastic demos for each of the songs.

Check some of these one day demos are on our website: dcmstudios.ca.
